LOT 8 - 1960s Fiberglass Speedboat with Johnson Engine and Trailer

Description

Fiberglass hull in vibrant turquoise and white two-tone finish with distinctive automotive-inspired styling. Features dramatic rear wing design elements and period dashboard configuration. Includes matching trailer with original mounting hardware.

Condition notes: Instrument panel visible but all gauges missing. Interior heavily deteriorated and incomplete. Fiberglass hull shows significant surface oxidation, sun damage, and areas requiring repair. Missing windshield, controls, and steering mechanism. Transom board requires replacement. Trailer functional but shows extensive rust. Significant restoration required throughout. Refer to the pictures and in-person inspection for condition.

Quantity: 1
