

**Sale Name:** Classic Vehicle Collection Auction American Automotive History a Montana Collection

**LOT 15 - 1973 Ford F600 Boom Truck with Original Deefield Tree Service Livery**

**Description**

**Clear Title**

Maintenance records

Steel truck body with steel boom assembly and hydraulic lift mechanism. Features original "Deefield Tree Service" company livery (Billings, MT). Vehicle retains its factory Ford metallic orange paint.

Constructed with steel chassis, cab and flatbed with expanded metal cage/canopy. Original steel boom assembly with hydraulic mechanisms and bucket attachment. Equipped with standard 1973 Ford truck dashboard configuration and control layout.

Condition notes:

Engine is currently out, hydraulic boom mechanism stuck. Steel body shows surface rust throughout with more significant oxidation on metal floor panels and equipment mounts. Original Ford data plate intact (VIN C61EVR14149). Maximum GVW 20,200 lbs. Dashboard and gauges appear complete. Seat upholstery deteriorated. Vehicle is non-operational and will require a large truck for removal. Significant sun fading on painted surfaces.

Refer to the pictures and in-person inspection for condition.
