LOT 31 - 1973 Mercury Cougar with Sunroof

Description

1973 Mercury Cougar, a classic muscle car with a sunroof. The body appears to be in decent condition with some areas of wear and paint deterioration. The engine and transmission are present, though their functionality is unverified. The interior is relatively intact but shows signs of age. A great project car with potential for restoration or parts.

Refer to the pictures and in-person inspection for condition.
