

**Sale Name:** 14th Annual Montana Spring Auction

**LOT 149 - 1901-O Morgan Silver Dollar**

### Description

Silver 90% Morgan Dollar, New Orleans Mint, dated 1901. This antique U.S. coin features the classic Liberty head design by George T. Morgan on the obverse and an American eagle with spread wings on the reverse. The "O" mint mark is visible below the wreath on the reverse, indicating production at the New Orleans Mint facility. The coin displays an even golden-brown patina across both surfaces.

The design shows moderate circulation wear with major details still intact. Liberty's profile, hair curls, and surrounding stars remain clear on the obverse, while the eagle's wings, feathers, and wreath details are visible on the reverse despite wear to the high points. The date 1901 and mint mark "O" are clearly defined and legible.

Condition Notes: Exhibits consistent wear patterns typical of a circulated example from this era. No major damage, gouges, or alterations present. Some minor surface marks consistent with circulation. Natural patina has developed evenly across the surfaces. No evidence of harsh cleaning or improper storage. Refer to the pictures and in person inspection for condition.

**Quantity: 1**
