

**Sale Name:** 14th Annual Montana Spring Auction

**LOT 257 - Vintage Tin Litho Woody Wagon & Wood Model Roadster**

**Description**

Pair of vintage toy cars in contrasting materials and styles:

1. **Tin Litho Woody Wagon by Ichiko** – Made in Japan and marked "Sign of Quality" with the [IB] logo, this tin lithographed model replicates a 1930s-style station wagon. Finished in maroon and cream with woodgrain graphics and whitewall tires. Friction-powered, untested. Estimated production circa 1960s–1970s.
2. **Handcrafted Wood Roadster** – Vintage handmade model car with a curved body, yellow wheels, black fenders, and brass-tone headlights. Designed in the style of a 1930s convertible roadster. Made entirely of wood with painted detailing and rolling wheels.

**Condition notes:** The tin car shows light surface wear with minor oxidation. The wooden car has a few small finish scuffs but retains vibrant colors. Both appear intact. Refer to the pictures for condition.
