**LOT 47 - China WWF 50th Anniversary 3-Coin Silver Proof Set**

**Description**

Description: This complete three-coin silver proof set commemorates the 50th Anniversary of the World Wide Fund for Nature (WWF), issued by the People's Bank of China. The set contains .999 fine silver coins with proof finish quality, featuring wildlife conservation themes in collaboration with the international WWF organization. The set includes three distinct designs: one coin featuring the classic panda with blue enameled accents showing an adult panda with cub, another displaying what appears to be an antelope or similar endangered species, and a third showcasing a detailed panda portrait with bamboo background. Each coin exhibits exceptional proof striking with frosted design elements against mirror backgrounds, typical of premium Chinese commemorative issues. The coins bear Chinese inscriptions and WWF branding, representing the collaboration between China's mint and the World Wildlife Fund to promote global wildlife conservation awareness through numismatic art. This limited mintage commemorative set celebrates both China's iconic panda conservation efforts and the broader international wildlife protection mission of the WWF. Condition Notes: All three coins appear to be in pristine proof condition with no visible handling marks or surface issues. Coins remain in protective plastic capsules within original presentation case. Original green presentation box with WWF 50th Anniversary branding and red accent band shows minimal shelf wear. Certificate of Authenticity included with complete technical specifications and mintage information. Minor dust particles visible on case interior foam. Refer to the pictures and in person inspection for condition.

**Quantity:** 1
