LOT 9c - 1962 International Harvester PTO Dump Truck Vintage

Description

Steel body construction with classic International Harvester design featuring red factory finish and chrome front grille. This vintage medium-duty truck displays the iconic IH styling with rounded cab design and dual headlight configuration. Equipped with hydraulic PTO dump bed featuring steel stake sides and wooden deck platform for commercial hauling and dumping applications.

Truck shows International Harvester Co. Chicago, Illinois manufacturer identification with serial number plate visible on door frame. Dashboard includes period-correct gauge cluster with speedometer showing 63,380 miles and various control switches. Cab features bench seating and manual transmission configuration typical of commercial work trucks from this era.

Dump bed measures approximately 16 feet in length with removable stake sides and hydraulic lift mechanism powered by PTO system. Heavy-duty rear axle with dual wheels provides increased load capacity for commercial dumping operations. Hydraulic cylinders and dump mechanism are functional for material handling applications. Front bumper shows typical commercial truck construction with tow hooks and heavy-duty components throughout.

Condition Notes:

Truck starts, runs, drives and dump bed is in working condition. May need some brake work for optimal road safety. Paint shows significant fading and oxidation typical of vintage work trucks. Dump bed wood decking shows weathering and wear consistent with commercial use. Tires appear aged with some checking visible. Dashboard gauges and interior show typical wear for age. Body shows surface rust and patina throughout. Hydraulic dump system operational. Refer to the pictures and in person inspection for condition.

Title Yes
